BROOKS ANNOUNCES PEKO PRECISION PRODUCTS BUSINESS OF THE MONTH

Monroe County Executive Maggie Brooks today announced that PEKO Precision Products, a multi-faceted, advanced center for technology and product commercialization, has been named Monroe County's "Business of the Month" and is featured on Monroe County's website, monroecounty.gov.

*"I am proud to have PEKO Precision Products in Monroe County and am thankful for their commitment to our community," said **Brooks**. "For over 40 years, PEKO has continued to grow and flourish right here in Monroe County and they remain here today thanks to our highly skilled workforce and a quality of life that is second to none."*

PEKO was founded in 1966 as a precision tool fabricator and has grown into a multi-faceted advanced center for technology and product commercialization. Located at 1400 Emerson Street in the northwest section of the City of Rochester, the company engages in the design, development and contract manufacture of complex electromechanical products. PEKO customers are diverse and include the semi-conductor industry, medical device manufacturers and the solar cell industry.

"At PEKO, our mission is to develop tomorrow's technology with industry leaders and progressive partners to profitably manufacture today's products in a global economy," said Gary Baxter, President/CEO of PEKO. "Being located in Monroe County has allowed us to not only take advantage of this area's highly skilled workforce and robust resources, but has allowed us to position ourselves as a leader in our industry as we continue to provide a unique combination of engineering and manufacturing expertise coupled with strong management."

For more information on PEKO, please visit their website, www.pekoprecision.com.
